

Fiber Installation

As a Jefferson County resident, you may be wondering why crews are installing fiber in your area. The Colorado General Assembly has deemed the regulation of broadband a matter of statewide concern and limited the ability of local governments to regulate the location of broadband in the local rights-of-way. Under this legislation, broadband providers are provided the authority to locate in public rights-of-way. See the website below for details.

National Movie Night

Pop some popcorn, grab a blanket and your favorite buddy, put away the cell phones and tablets, and then queue up a string of movies for a fun night of entertainment. National Movie Night on the second Friday in June encourages us to start (or restart) a tradition of movie nights with friends and family.

Movies have been bringing people together for over 100 years. The stars, the stories entertain us, connect us and help us create memories. As technology evolves, so does how we enjoy our movie nights. From the theater to reel-to-reel home movies, the VCR, DVD, and streaming, we've been enjoying movies on big and small screens. Drive-in movies invited us to enjoy films from the comfort of our cars. Today, our video library is as large as we want it to be thanks to streaming services. We can even enjoy movies in our own backyards projected onto screens under the stars.

Fully insured. Tree Trimming, Removals, Planting, Stump Grinding, and more. We specialize in milling your tree (when possible) and we aim to be *BEE friendly!*

The Best Family Podcasts For Road Trips

Have summer travel plans? Tune in to one of these podcasts to help pass the time. Quell the insistent “Are we there yet?” questions with entertainment that inspires and teaches kids something new. These podcasts have adventure at their core, so your young travelers will get excited about their audio journey, and destination.

Camp Adventure is a 12-episode series filled with camp-themed segments such as mail time, sing-alongs, and games. Counselors Ben and Hannah take listeners through silly and educational tales with themes such as caring for nature and snorkeling, Spanish lessons, even hands-on creative challenges.

Dorktales Storytime features two kinds of storytelling that listeners can choose from: wacky retellings of classic fairytales that incorporate important life lessons, and lesser known stories about hidden heroes of history. There’s Evelyn Cheesman who collected over 70,000 undiscovered species of insects and plants, and Tenzing Norgay who served as a guide on the first ascent of Mount Everest. Families can also sign up for bonus materials online.

Aaron’s World is full of time-traveling adventure and dinosaur science as told by a kid, Aaron, who spent five years (from age six to 11) putting together this 50-episode drama. The story follows a young boy and his computer companion as they explore a prehistoric world and learn about different creatures and science topics. Each episode is self-contained, but a larger arc pulls the series together and leads listeners to an anticipated finale.

Circle Round For Storytime! This podcast from Boston’s NPR station introduces kids ages four to 10 to folktales from cultures around the world, including a story about a busy bird from the Native American traditions of the Hitchiti, Cherokee, and Navajo people. Each 10- to 20-minute episode teaches kids life lessons about perseverance, generosity, and kindness; they also end with activities that inspire conversation between kids and adults.

Purple Rocket Podcast was created by a father of three who needed an outlet for the wild stories floating in his head, and who wanted to invite kids along for the ride. The result is a mix of story series, including “Grandpa’s Globe,” a nine-episode tale about kids who use a magic globe to explore the world (similar to Magic Treehouse books); and “Space Train,” which follows Doug and friends onto a flying locomotive that takes them through the universe.

Greeking Out, by National Geographic, features original retellings of Greek mythology—with some forays into other tales from Loki and Norse origin—in a kid-friendly form. Stories of gods and goddesses, monsters, and heroes transport listeners to a different time and place. Because myths can include complex themes that might be hard to explain to a child (sacrifice, for example, or getting pregnant from eating fruit), each episode begins with an overview content so parents can decide if the story is appropriate for their child.

the fulfillment of the promise of the earlier months,
and with as yet no sign to remind one that its
fresh young beauty will ever fade."*

Weed Your Garden Day

National Weed Your Garden Day on June 13th each year serves as a reminder to all gardeners to take an extra 5 or 10 minutes while weeding their gardens.

One of the best gardening tips is to stay in control of your garden. Unfortunately, weeds grow fast, very fast. With inattention, they can soon become overwhelming. Giving daily attention to your garden makes it easier to maintain. Weeding 5 or 10 minutes each day will make the job seem bearable. It might even be enjoyable. This way you will be in control, and the weeds will not!
